#### 1.0 METHOD(S) USED FOR ANALYSIS

In-house method: RapidRAW™. RapidRAW™ is a patented method to rapidly detect the presence of substances commonly found in raw honey, when applied to raw honey sample, will form a precipitate (lipid and protein), but when applied to sugar concoction sample somehow fails to form a precipitate. RapidRAW™ is a preliminary screening test for raw honey sample. It is not intended to be used on its own as an authenticity or quality test for raw honey sample.

#### IMPORTANT NOTICE

This Test Report ("Report") is issued by National Institutes of Biotechnology Malaysia through Malaysia Genome and Vaccine Institute (MGVI) (collectively referred to herein as the "Company") for the client named in this report ("Client") subject to the Test Report Terms and Conditions printed overleaf and accessible at <https://biocds.nibm.my>. Sample(s) is tested/analyzed by the Company in the condition the sample(s) is received. The information contained in this Report only refers to the sample(s) of material(s) or product(s) supplied by the Client for testing/analysis by the Company and is limited to the method(s) as indicated in this Report. This Report shall neither be construed in any way as a certificate or testimony of product or brand represented by such sample(s).

### TEST REPORT TERMS AND CONDITIONS

- (1) This Test Report ("Report") is prepared by National Institutes of Biotechnology Malaysia (NIBM) through Malaysia Genome & Vaccine Institute (MGVI) (collectively referred to herein as the "Company") for the sole information and restricted use of the client named in this report ("Client").
- (2) This Report cannot be reproduced and/or redistributed to any third party(s) except in full, without prior written approval from the Company. No part of this Report shall be referred to (written or verbal) or incorporated in any advertisement or promotional materials (including in social media) or news release or other public announcement purposes.
- (3) The Client is strictly prohibited to use the Company's name and logo in any form for any purpose whatsoever without prior written approval of the Company.
- (4) Unauthorized alteration, forgery of this Report or falsification of the content of this Report is strictly prohibited and any reader of this Report is advised to verify the authenticity of this Report with the Company.
- (5) Samples are tested/analyzed by the Company in the condition the sample(s) is received. This Report only refers to the sample(s) of material(s) or product(s) supplied by the Client for testing by the Company and is limited to the method(s) as indicated in this Report. The test mentioned solely pertains to the specific batch from which the sample(s) was/were obtained and does not purport to reflect the aggregate of the Client's entire product.
- (6) The Company's factual finding(s) arising from test(s) conducted on such sample(s) and expressed herein are correct to the best of the Company's knowledge and belief at the time of its analysis/testing.
- (7) The Company does not guarantee, either express or implied, that the results of any laboratory testing services conducted will meet the acceptance criteria or other criteria set out by Client or third-party accreditation or certification standard whatsoever, and the Company does not accept responsibility for failure to meet any such criteria.
- (8) This Report shall not in any way be treated as the Company's opinion, endorsement, approval, recommendation of or a confirmation including but not limited the suitability, quality, or fitness for a specific purpose of the material or product or brand of which the sample(s) were taken from and tested.
- (9) The Report does not represent that the quality, characteristics and/or other features of the Client's material(s) or product(s) are or would be in any way identical, equivalent and/or similar to or would resemble the sample(s) tested by the Company. The Company therefore do not assume responsibility or liability for any differences or variations in quality, characteristics, and/or features between the Client's material(s) or product(s) and the sample(s) thereof tested by the Company.
- (10) Except as expressly set forth in these Terms and Conditions, the Company make no warranties express or implied in connection with its performance of the service and to the extent permitted by any applicable law, the Company specifically disclaim any and all other warranties whether written or oral or express or implied, including without limitation, any warranty of suitability, merchantability or fitness for a particular purpose.
- (11) The Company's liability to the Client for any negligence in the performance of testing services on any sample is limited, at the Company's option, either to: (a) re-performing the testing service on a sample, where the findings are disputed by the Customer or (b) refunding the amount paid by the Customer for testing the said sample.
- (12) The Company assumes no responsibility for the use, misuse, or reliance of this Report by the Client or any third party(s) and hereby disclaims all liability in regard to such use, misuse or reliance (except as otherwise provided by the law). Under no circumstances will the Company be liable to the Client for any indirect, special, incidental, punitive, or consequential loss or damage.
- (13) The Client agrees to indemnify and hold harmless the Company from and against any and all claims, liabilities, damages, losses, costs, expenses, or fees (including reasonable legal fees and expenses) that the Company may incur as a result of or arising from the Client's violation of these Terms and Conditions.
- (14) The Company and the Client undertake to keep confidential all confidential or proprietary information ("Confidential Information") obtained within the contractual relationship hereunder and shall not disclose them to third parties without the prior written consent of the other party.
- (15) Notwithstanding the aforesaid, the Company reserves the right to disclose this Report or any part thereof if it is required by the order or the court or the government bodies or the law or if the disclosure is justified taking into account its critical impact on the public or where the wider public interest outweighs the rights of confidentiality of the Client and to the extent permitted by such order or the law, the Client will be notified prior to the release of the information.
- (16) The Company may, in its sole and absolute discretion, change these Terms and Conditions from time to time. The Company will post notice of such changes at <https://biocds.nibm.my>. Continued use of such site following notice of any such changes shall indicate the Client's acknowledgment of such changes and agreement to be bound by the terms and conditions of such changes.
- (17) These Terms and Conditions are provided in English and Malay versions. In the event of any conflict between the English version and the Malay version, the English version shall prevail.
